CAREER OBJECTIVE

I'm a 3rd-year Bachelor of Technology (Computer Science & Engineering) student who enjoys coding, especially in C++ and Data Structures & Algorithms (DSA). I like solving problems, learning new things, and improving my skills through consistent practice. I am seeking opportunities to work on projects and internships that help me grow and gain real-world experience as a developer.

EDUCATION

Bachelor of Technology, Computer Science & Engineering, Arya college of Engineering and IT (2023 - 2027) (8.8 CGPA)	Jaipur, Rajasthan
Intermediate Trident Public School (2021 - 2023) (66.5%)	Muzaffarpur, Bihar
High School, D A V Public School (2019) (84.6%)	Muzaffarpur, Bihar

SKILLS

Programming Language: C++, HTML, CSS

Core Skills: Data Structures & Algorithm (DSA), Object-oriented Programming (OOP)

Database: MySQL, MongoDB

Version Control: Git, GitHub, VS Code

Areas of Interest: Web Development, Problem Solving, Database Management

EXPERIENCE

Salesforce Programming Architect Intern, Salesforce	May 2025 – Aug 2025
- Hands-on Learned SOQL and Apex programming basics (elements, keywords, control flow). - Worked with Apex Triggers and Test Classes for real-time use cases. - Understood deployments and change sets in Salesforce. - Used Data Loader for import/export of data. - Built a practical project applying Salesforce concepts.	

PROJECT

Digital Mental Health & Psychological Support System for Students - Aarogyam	SIH Project - 2025
- Developed a student-focused digital platform providing mental health support through AI tools and self-help resources. - Understood deployments and change sets in Salesforce. - Focused on data privacy, accessibility, and academic integration for identifying at-risk students. - Collected student feedback through simple surveys and discussions. - Helped the team finalize the solution and key features based on the research findings.	

CERTIFICATIONS

- | | |
|---|-----------|
| • MongoDB Basics for Students – Issued by MongoDB | June 2025 |
| • Programming Fundamentals using Python – Infosys Springboard | Nov 2025 |

EXTRA CIRCULAR ACTIVITIES

- Winner – Victory Ramp Walk** (National Level Inter-College Cultural Fest).
- Participated in Exuberance 2024 – Cinemania Event**, Arya College of Engineering & IT.
- Participated in UEM Hackathon 2024** – showcased coding and problem-solving skills in a team environment.
- Participated in Databricks User Group Meetup at MNIT Jaipur.**
